

Billet Clutch Cover

- Included hardened clutch shim goes between the spring and ZRP clutch cover.
- Install clutch cover onto clutch and torque bolts to 100 in-lbs.
- We strongly recommend having your clutch balanced whether using our cover or stock for optimal performance. Running an unbalanced clutch is can lead to failures and is potential dangerous.
- Covered by a 12-month warranty.
 - To be eligible for warranty coverage on this part the clutch must be re-balanced after installing the ZRP cover. Documentation of clutch balancing is required for all warranty claims.

Please email sales@zollingerracingproducts if there is any issue with your order.
